This is our latest price list for kiln dry rough lumber and other products. It contains current prices, but prices are subject to change without notice. Hardwood lumber is graded per National Hardwood Lumber Association rules and the softwoods adhere to the standards of the appropriate association.

All lumber is sold on a kiln dry “Net” tally. This means your lumber is scaled after it is kiln dried.

The prices listed for rough lumber are for random lengths and widths.

Pricing is based on the combined total of your order – The price per boardfoot will be based on the total combined boardfootage ordered. If you order a total of 500 boardfeet or more all of your lumber will be priced at the 500 boardfoot level. If you order a total of 1,000 boardfeet or more all of your lumber will be priced at the 1,000 boardfoot level.

Free Delivery – Orders totaling 500 boardfeet or more are delivered free inside the shaded area of the map shown. Orders for less than 500 boardfeet are subject to the delivery charges shown for the different zones. **Important:** Someone must be present to accept delivery and help with unloading.

Free delivery in shaded area for orders of 500 boardfeet or more

Delivery rates for orders under 500 boardfeet:

Zone #1 \$50
Zone #2 \$60
Zone #3 \$70

Deliveries outside these areas negotiated on an individual basis

Please Note: We are unable to deliver orders of less than 200 boardfeet
